

KANAPU

Connections | Retention | Acceleration | Reverberation

Kanapu is a Ngā Pae o te Māramatanga initiative designed by Māori, for Māori to ignite talent and leadership across Rangahau, Research, Science, Innovation & Technology (RRSIT). Kanapu initiatives to achieve this kaupapa are:

HUI HIHIRI

A national wānanga to share aspirations for Māori in rangahau, pūtaiao & auaha-related spaces.

HE KURA NŌ TE AO ATUA

A taonga that utilises Atua knowledge systems to reimagine and affirm career pathways for Māori.

TŪHONO RAU TANGATA

MĀTANGA TALKS

An interactive series of online kōrero that highlight the leadership journeys of Māori mātanga & specialists.

MASTERCLASSES

A 2-3 hour online class that discusses priority areas across RRSIT, and shares know-how to build capability among Māori.

TE AKO RAU

A six-week online mentoring programme for grassroots Māori collectives to shape their RRSIT initiatives.

TE AKO RAU+

A follow-on kaupapa support package that assists and accelerates collectives to achieve their next steps.

WHAT IS RRSIT?

RANGAHAU

- < Wellbeing
- < Whakapapa
- < Wānanga
- < Revitalisation
- < Environments
- < Kaupapa Māori
- < Intergenerational impact
- < Knowledge

Intergenerational impact
Ancestor inspired.
Descendant focused.

Kaupapa Māori
Practices grounded in
tikanga Māori. Led by, with
& for Māori.

RESEARCH

- < Research data
- < New knowledge
- < Benefit sharing
- < Study & careers
- < Resources & tools
- < Decolonisation
- < Māori data sovereignty
- < Ethics

Benefit sharing
Benefits flow to the
community where the
research activity occurs.

Ethics
Free, prior and informed
consent.

SCIENCE | PŪTAIAO

- < Monitoring
- < Validation
- < Intergenerational knowledge
- < Climate adaption
- < Maintaining taonga species
- < Field testing & experimenting

Validation
Gathering evidence to
verify an intended
outcome.

Climate adaptation
Responding to and
preparing for climate
changes like erosion &
flooding.

INNOVATION | AUAHA

- < Creative pathways
- < Local solutions
- < Entrepreneurship
- < Indigenisation
- < Modernisation
- < Commercialisation

Entrepreneurship
Innovative business
approaches to reach goals.

Commercialisation
Market research & product
development. Protection
and value of intellectual
property.

TECHNOLOGY | HANGARAU

- < Data strategy
- < Licensing
- < Digital technologies
- < Globally exportable
- < Artificial intelligence (AI)
- < Intellectual property
- < Ancestor intelligence (Māori AI)

Artificial intelligence (AI)
Generative AI, machine
learning, language models.

Intellectual property (IP)
Trademarks, branding,
copyright, reputation.
